

This project involves the development of a new higher education building on the campus of Peterborough Regional College. The building will form the vanguard of the redevelopment of this campus and give Anglia Ruskin a base within the city.

The project began in early 2008 and will complete in September 2009 the building was designed to have a university character and raise the aspirations of the students to a university education. The procurement route is Two Stage Design & Build.

G Dolden & Associates were the project managers from inception to Stage D and are now advising the Client.
